PROJECT INFORMATION

Purpose & Need for the Project:

Project Need:

Residents have expressed interest in receiving aesthetic enhancements to their community in the form of highway and screen planting. Aesthetic and screening planting is part of a collaborative effort in progress for the development of the "Stanislaus County Route 99 Freeway Master Plan".

Project Purpose:

This project proposes to provide aesthetic/screen planting with native or climatically appropriate trees. The corridor planting will occur at community entrances and in areas with objectionable views. This project will fulfill in part the purpose of this "Stanislaus County Route 99 Freeway Master Plan", to provide long range strategy for improving the aesthetics of the 99 corridor within the County of Stanislaus and enhancement for residents, businesses and travelers.
